

# What is PBIS?

PBIS stands for **Positive Behavior Intervention Supports**. Here at Jordan Hill we use PBIS to create a positive environment for all students to learn and grow in. The Georgia Department of Education defines PBIS as an “evidence-based, data-driven framework proven to reduce disciplinary incidents, increase a school’s sense of safety and support improved academic outcomes” (Ga DOE). It starts with having 3 clear expectations for students to follow with adjustments given in each school setting. Students then have the opportunity to earn positive reinforcers when following those expectations. Depending on student needs they will receive tiered supports and are able to move up or down according to their progress.

## Jordan Hill’s Expectations:

Be Respectful

Be Responsible

Be Safe

## Jordan Hill’s Positive Reinforcers

Students earn dojo points for prizes and parties as they follow the expectations

## Tiered Supports

### Tier 1

All students start by receiving positive reinforcements in class

### Tier 2

Students can be in small groups for social academic instructional groups and or be assigned a check in buddy

### Tier 3

Students receive an individualized intervention to address the student need
